Apartment project Landmark Southpark is going up at the southwest corner of South First Street and Slaughter Lane in South Austin.

Construction is under way on the first phase of a 570-unit apartment project going up near Southpark Meadows in South Austin.

Landmark Southpark is expected to be completed in 2014, Austin-based developer Oden Hughes LLC said in a Wednesday news release.

The project's total cost was not disclosed.

The initial phase of the project, at the southwest corner of South First Street and Slaughter Lane, includes 285 units and amenities such as a pool, clubhouse, fitness center, gaming center and dog park. The second phase is expected to begin in 2014 and will also feature 285 units.

Kelly Grossman is the project's architect, and Bury + Partners is serving as the engineer.
